

# Technical Data Sheet

## 4011 (W100)

**Water-Based Paint Material**

**Contains Propylene Glycol Monomethyl Ether Acetate**

Made in U.S.A.

### Description

4011 is a mild dilutant used for thinning paint viscosity. Appears clear in the bottle. It is also referred to as Wicked W100. 4011 and W100 are the same product. W100 is the 2oz. size version of 4011.

### Usage

#### **Dilutant**

4011 assists drying times by flashing water from the paint. 4011 also helps reduce tip-dry compared to diluting with water.

Add 4011 to water-based paint to lower viscosity and assist drying. 4011 is intended for use with all Createx Colors paints. 4011 is generally added 5 – 10% per volume.

4011 is a specialty dilutant that is slower drying compared to 4012.

### Pot-Life & Storage

After adding 4011, there is no pot life. However, the alcohol in 4011 flashes water from paint, so if left open paint will thicken due to accelerated evaporation.

Store paint in an air tight bottle after adding 4011. Keep in a cool dry box or cabinet away from sunlight and direct light. As bottles do allow for some exchange of air, evaporation may still occur over a prolonged storage period.

### Drying Times

Estimated drying and curing times are set at 70 degrees F and 65% or less relative humidity (RH).

- Use air to assist curing and shorten drying times.
- Humid conditions – add 4020 to 4012 for assisted flashing. Making a cocktail by mixing 4011 1:1 4020 is recommended over using 4020 straight as 4020 may cause paint to cure / seed in the paint cup.

### Health & Safety

Use in a well-ventilated area. Avoid contact with eyes. Wash hands thoroughly with soap and warm water after use. Do not ingest.

When spraying or sanding, use a properly-fitting NIOSH approved respirator per the manufacturer's instructions.

Skin contact: Thoroughly wash with soap and warm water. Wearing gloves is recommended.

Eye contact: Rinse with clean water for 15 minutes. Seek medical attention.

Inhalation: Use in in well ventilated areas and wear a NIOSH approved respirator.

Refer to 4011 SDS for additional information.

### Warranty

This product will perform as claimed if directions are followed. Warranty is limited to replacement or refund value of product. No other warranty is expressed or implied.
